

#### TEST SPECIFICATION

Product:	Calendar		
Scope:	Various type of calendar for organizing day.	Protocol No.	TYCP-04034-US
		Version	1.0
		Issue Date	Sep 21, 2011
		Prepared by	Intertek HK - TFH
		Page	1 of 3

#### Instructions to Vendors:

Dear Valued Vendor:

Product safety is a top priority at Taymark. We, with the assistance of Intertek, a CPSC-accredited third-party testing partner or lab, have identified the various rules and regulations as well as the necessary test requirements that we need to meet in our partnership to sell products in the United States. This has been assembled into our required Test Protocol. Each product that is supplied to us must comply with this Test Protocol and any required associated test protocol(s) identified within it.

You are required by the US Law to verify the products you provide to Taymark (or any other customer marketing to children in the USA) meet the required safety standards. Likewise, Taymark is required by US Law to assure that we have documentation to confirm that you have verified that your products meet the applicable safety standards. Once you have verified that the product(s) you have supplied to us conforms to the corresponding Test Protocol(s), and the testing was conducted within the past twelve (12) months, we ask that the appropriate representative from your company provide Taymark with the proper General Certificate of Conformity ("GCC") and the corresponding documentation that you used to support the GCC, including, where applicable and required, the CPSC-accredited third-party test data. For an example of an acceptable GCC, please go to <http://www.cpsc.gov/about/cpsia/faq/elecfaq.pdf>.

#### Key

†: Any element on the attached form with the following symbol ("†") is a Mandatory Requirement to which the product(s) or components of product(s) you supply to Taymark must conform. You must perform the associated test(s) and provide Taymark with the test data to support the fact that the test(s) was (were) conducted and that the product(s) or components of product(s) meets the described requirements. You are responsible for conducting the mandatory testing, and you are responsible for any expenses incurred as a result of conducting the test(s) (including, without limitation, the costs and expenses associated with providing any samples, testing, reporting, and preparing the General Certificate of Conformity).

\*: The symbol ("\*") on the attached form indicates that additional charges may apply. Taymark's preferred Accredited Third-Party Testing Facility is Intertek. If you choose to use Intertek to conduct the mandatory testing, please reference Taymark and Taylor Corporation when submitting your requests for testing to Intertek as you may be able to take advantage of Taymark and Taylor Corporation's volume discount. You may contact Intertek for a price quote and any additional information they might need in order to conduct the required testing.

Additional Accredited Third-Party Testing facilities can be found at <http://www.cpsc.gov/cgi-bin/labsearch/>.

#### **Note:**

Where there is no applicable US standard, Intertek has chosen the most relevant International Standard to assess the product safety and performance. For undated references, the latest edition of the referenced document (including any amendments) applies.

## TEST SPECIFICATION

Product:	Calendar		
Scope:	Various type of calendar for organizing day.	Protocol No.	TYCP-04034-US
		Version	1.0
		Issue Date	Sep 21, 2011
		Prepared by	Intertek HK - TFH
		Page	2 of 3

Attribute	Test Method / Standard	Requirement / Limit	Result
<b>Supplemental Protocol(s)</b>			
†* CA Prop 65 (mandatory in state California, US)	Intertek Protocol	Consent Judgment of related court cases based on California Proposition 65.  See <a href="http://oehha.ca.gov/prop65.html">http://oehha.ca.gov/prop65.html</a>	
†* Children's products	TYCP-16026-US	Shall review against the Children's products and shall comply with all applicable requirements.  See Children's Products (Non-toy) Protocol posted at <a href="http://www.taymarkinc.com">http://www.taymarkinc.com</a>	
<b>Chemical Analysis</b>			
*†Toxic Elements in Packaging Components	TPCH	Shall comply with TPCH in those states with legislation. Total concentration of Pb, Cd, Hg and hexavalent Cr ≤ 100ppm. <b>In lieu of testing, certificate of compliance may be submitted if dated within one year.</b>	
<b>Physical Characteristic</b>			
Dimensions - Overall (in) (L x W x H)	ITS-M0059	Report actual; Shall meet label claims (if applicable).	
Weight - Overall (oz)	ITS-M0059	Report actual; Shall meet label claims (if applicable).	
Hanging loop drop length (in)	ITS-M0059	Report longest length within the loop during hanging; Shall meet label claims (if applicable).	
<b>Construction &amp; Workmanship</b>			
Sharp Points / Edges	16 CFR 1500.48 / 49 (Scope widened)	Shall have no sharp points / edges, other than those required for function.	
Defects	Visual Check	Shall be free of nicks, burrs, pits, separation of veneer or edging, and / or any other defects which may affect serviceability or appearance of the finished product. Fabric shall not exhibit any major defects.	
Workmanship	Visual Check	Exterior visible surfaces and edges shall be well finished and free from cracks, warping, saw and machine marks. Shall have good overall appearance with good alignment of components.	
<b>Performance</b>			
Functionality	ITS-M0061	Shall function as intended as received	
Write on Capabilities (If applicable)	ITS-M0061	Should provide ease of writing with pen or marker (desired, but not required – report results) or as claimed.	
Drop Test (For non-fragile items)	ITS-M0053	No damage after 3 drops from 3 feet.	
Accuracy	Visual Check	Date information shall be accurate and complete.
