Instructions to Vendors:

Dear Valued Vendor:

Product safety is a top priority at Taymark. We, with the assistance of Intertek, a CPSC-accredited third-party testing partner or lab, have identified the various rules and regulations as well as the necessary test requirements that we need to meet in our partnership to sell products in the United States. This has been assembled into our required Test Protocol. Each product that is supplied to us must comply with this Test Protocol and any required associated test protocol(s) identified within it.

You are required by the US Law to verify the products you provide to Taymark (or any other customer marketing to children in the USA) meet the required safety standards. Likewise, Taymark is required by US Law to assure that we have documentation to confirm that you have verified that your products meet the applicable safety standards. Once you have verified that the product(s) you have supplied to us conforms to the corresponding Test Protocol(s), and the testing was conducted within the past twelve (12) months, we ask that the appropriate representative from your company provide Taymark with the proper General Certificate of Conformity ("GCC") and the corresponding documentation that you used to support the GCC, including, where applicable and required, the CPSC-accredited third-party test data. For an example of an acceptable GCC, please go to <http://www.cpsc.gov/about/cpsia/faq/elecfaq.pdf>.

Key

† : Any element on the attached form with the following symbol ("†") is a Mandatory Requirement to which the product(s) or components of product(s) you supply to Taymark must conform. You must perform the associated test(s) and provide Taymark with the test data to support the fact that the test(s) was (were) conducted and that the product(s) or components of product(s) meets the described requirements. You are responsible for conducting the mandatory testing, and you are responsible for any expenses incurred as a result of conducting the test(s) (including, without limitation, the costs and expenses associated with providing any samples, testing, reporting, and preparing the General Certificate of Conformity).

: The symbol ("") on the attached form indicates that additional charges may apply. Taymark's preferred Accredited Third-Party Testing Facility is Intertek. If you choose to use Intertek to conduct the mandatory testing, please reference Taymark and Taylor Corporation when submitting your requests for testing to Intertek as you may be able to take advantage of Taymark and Taylor Corporation's volume discount. You may contact Intertek for a price quote and any additional information they might need in order to conduct the required testing.

Additional Accredited Third-Party Testing facilities can be found at <http://www.cpsc.gov/cgi-bin/labsearch/>.

Note:

Where there is no applicable US standard, Intertek has chosen the most relevant International Standard to assess the product safety and performance. For undated references, the latest edition of the referenced document (including any amendments) applies.

TEST SPECIFICATION

Product:	Stamps and/or Ink Pads		
Scope:		Protocol No.	TYCP-04045-US
		Version	1.0
		Issue Date	12 Oct, 2011
		Prepared by	Intertek HK - TFH
		Page	2 of 4

Attribute	Test Method / Standard	Requirement / Limit	Result
Supplemental Protocol(s)			
*†CA Prop 65 (mandatory in state California)	Intertek Protocol	Consent Judgment of related court cases based on California Proposition 65. See http://oehha.ca.gov/prop65.html	
*Children Product (Non-toy) (Required if the product is graded as a children product)	Refer to TYCP-16026-US	Shall comply with all requirements in TYCP-16026-US. See Children's Product (Non-toy) Protocol posted at http://www.taymarkinc.com	
* CPSIA Supplemental (For Children Product)	TYCP-00001-US	Shall review against the CPSIA Supplemental and shall comply with all applicable requirements. See CPSIA Supplemental Posted at http://www.taymarkinc.com	
<i>Note: Additional cost, sample size & TAT may be required if testing to one or more supplemental protocols is necessary. Please refer to the above referenced supplemental protocol(s) for additional information.</i>			
Chemical Analysis			
*Lead Content of Paints or Similar Surface Coating	16 CFR 1303 (scope widened)	Shall not contain Lead or Lead compounds in which the Lead content is in excess of 0.009% (90ppm) by weight of the total content.	
*† Toxicity & irritancy by toxicological risk assessment (TRA) - documentation review	16 CFR 1500.3	Products intended for use by children, including toys and parts of toys, must not be toxic or cause skin or eye irritation., Toxicity Risk Assessment shall be conducted to substantiate the compliance of the regulation for the following components: - All toy cosmetics, liquids, pastes, putties, gels and powders regardless of claim - Other materials bearing a "NON-TOXIC" claim on samples and/or its packaging In lieu of testing, test report can be submitted if dated within five (1) years. Note: Vendor shall provide a list of ingredient and shall be responsible for the accuracy of information contained.	
*†Toxic Elements in Packaging Components	TPCH	Shall comply with TPCH in those states with legislation. Total concentration of Pb, Cd, Hg and hexavalent Cr ≤ 100ppm.	
Physical Characteristic			
Dimensions – stamp, pad	ITS-M0059	Report dimensions; shall meet label claims (if applicable).	
Weight – stamp, pad	ITS-M0059	Report weight; shall meet label claims (if applicable).	
Pad color	ITS-M0060	Report actual; shall meet label claims	
Construction & Workmanship

Attribute	Test Method / Standard	Requirement / Limit	Result
Sharp Points / Edges	16 CFR 1500.48 / 1500.49 (Modified)	Shall have no sharp points / edges before or after abuse testing. Modification = expanded scope to other products.	
Defects	Visual Check	Shall have no discernible surface degradation, including crazing, shivering, bubbles, cracks, stains, deformations, chips, fractures, heavy lines, waves, shear marks, scratches, scuff marks, indentations, or blisters.	
Workmanship	Visual Check	Shall have no components missing, malformed, and/or fractured.	
Print Quality	ITS-M0060	No major defects (uniform print).	
Performance Test			
Functionality	ITS-M0061	Shall function as intended as received.	
Durability	ITS-M0061	No failure after 100 repeated in use stamping	
Handle Strength	ITS-M0061	Min. 5.0 Lbs	
Drop Test	ITS-M0053	No breakage after 3 drops from a height of 3 ft.	
Ink Fading Resistance	ITS-M0061	Should be visible after 10 fade-o-meter hrs of xenon light fading	
Ink Drying Time	ITS-M0061	Should dry completely within 30 sec. no color fading transfer when rubbed	
*Transit Testing (By request only)	ISTA Procedure as Appropriate to Package	Packaged product shall be tested to applicable ISTA procedure and method, based on package configuration. Inspect package and product for damage upon completion of test. Report results.	
Labeling Requirement			
†Fair Packaging and Labeling Act (consumable products) OR Uniform Packaging and Labeling Regulations (other products)	Fair Packaging & Labeling Act (16 CFR 500) OR NIST Uniform Laws and Regulations Handbook 130	Manufacturer, packer, or distributor's name & address (city, state & zip).	
		Product Identification.	
		Net quantity of contents shall be expressed in terms of weight or mass, measure, numerical count, or combination so as to give accurate information to facilitate consumer comparison (U.S. and metric units).	
†Country of Origin Marking	19 CFR 134.11	Shall indicate country of origin legibly, permanently, and in comparable size and close proximity to any mention of country other than country in which the article was manufactured or produced. Shall be visible at point of purchase.	
*† LHAMA Evaluation on Art Materials	16 CFR 1500.14 ASTM F963 Section 4.30 / ASTM D4236	Samples shall meet the requirements intended to minimize the potential risk associated with the use of art materials that present chronic, long-term health hazards (ASTM D4236/LHAMA).	
† Hazardous materials labeling review	16 CFR 1500.14(b)(1-5)	Substances having special hazards to health shall have conform labeling requirement as defined by 16 CFR 1500.14(b)(1-5)	
Parts Labeling	Visual Check	Shall match the actual content if present.
